

**Cobblestone Country FCU is pleased to announce
we now offer convenient Home Banking!**

Once you are signed up for Home Banking you will access it by visiting our web site at:

www.cobblestonecountryfcu.com.

Click on the Home Banking icon located in the list on the left and key in your share account number. If your account number is 1/2345 you would key 01002345, and your password is the last 4 digits of the primary member's social security number.

After you are signed in you will be able to check balances, print statements, request withdrawal checks and even transfer funds between accounts.

Please note:

Transfers made on the Home Banking Web Site are not live.

This means that it may take 2-3 hours for your transaction to actually post to your account here. If you will need access to the money you are transferring immediately, you will need to call our office and transfer the funds. *(Our software company is working to make this "live" in the near future.)*

Cobblestone Country FCU must comply with many federal regulations. The one that will effect you and *Home Banking* is Regulation D. One of the main points of Regulation D is that you are limited to 6 transfers per month from your savings account. If you do make 6 transfers from your share account in 1 month and you need to make more that month, you will need to come into the credit union to make the transfer.

You can make loan payments on the home banking site. However, if you are set up to have the loan payments automatically transferred and you make a payment online, your payment will still transfer on the 15th of the month unless you call and opt out of the automatic payment program.

Application for Home Banking
